

# 2019 Schedule KPC Instructions

---

## Purpose of Schedule KPC

Schedule KPC is a supplemental schedule for partners who are corporations or partnerships.

The partnership listed on the front of this schedule has provided you with a completed schedule that reflects your specific share of the partnership's income, credits and modifications. You will need this information to complete Form M4, *Corporation Franchise Tax Return*, Form M8, *S Corporation Return*, or Form M3, *Partnership Return*, and you must include this schedule when you file your return. If the schedule is not included, the department will disallow any credits and assess the tax or reduce your refund.

These instructions are intended to help you report your share of the partnership's income, credits and modifications on your Minnesota return.

There may be other items that a corporate partner would need to know in order to complete its corporate franchise tax return. If applicable, the partnership should pass that information through to you.

**If you received an amended Schedule KPC** from the partnership and your income or deductions have changed, you must file an amended Minnesota return.

To file an amended return, use:

- Form M4X, *Amended Franchise Tax Return*, if you are a corporate partner.
- Form M8X, *Amended S Corporation Return*, if you are an S corporation partner.
- Form M3X, *Amended Partnership Return*, if you are a partnership partner.

## Sale of a Partnership Interest

Income from the sale of a partnership interest by an entity that is domiciled in another state is assignable to Minnesota. To determine the amount assigned to Minnesota, divide the original cost of the partnership's tangible property within Minnesota by the original cost of all tangible property of the partnership. If you don't have these numbers, contact the partnership.

If more than 50 percent of the value of the partnership's assets are intangibles, the gain/loss is allocated to Minnesota using the partnership's prior year sales factor.

## Apportionment Factors

### Line 25 — Minnesota Source Gross Income

Minnesota source gross income is used to determine whether an eventual nonresident partner has a filing requirement with the state of Minnesota. This line will help tiered partnerships determine their Minnesota source gross income.

Minnesota source gross income is the total of the amounts apportioned to Minnesota that are included on lines 3, 6, and 7 (other than losses) of federal Form 1065; lines 18a, 19 and 20 (other than losses) of federal Form 8825; line 9 of Schedule F; lines 3a, 5, 6a, 7, 8, 9a, 10 and 11 of Schedule K (Form 1065); plus Minnesota source gross income from other partnerships, estates, and trusts which the entity may be a partner or beneficiary.

### Line 26 and 27 — Apportionment Information

The apportionment factors are used to determine the Minnesota apportioned income.

If the partnership and partner are considered unitary under Minnesota Statutes 290.17, subd. 4, [disregarding paragraph (e) (50 percent indirect or direct ownership needed for unity of ownership)] these factors are included with the partners' own factors in determining the income apportioned to Minnesota on the partner's supplemental schedule. (The supplemental schedule is Form M4A for corporation partners, M8A for s corporation partners, or M3A for partnership partners.) The partner's entire income is then multiplied by the partner's apportionment ratio to determine the Minnesota portion of its income.

If the partner is not unitary with the partnership, it will use only these factors to calculate the Minnesota apportionment ratio to be used in determining the Minnesota source income from that K-1. It will be the same ratio as the partnership's Minnesota apportionment ratio, and it will be multiplied by the K-1 income to determine the Minnesota portion of income from that partnership.
