

Individual, estate and trust partner's use of information provided on Schedule KPI

Purpose of Schedule KPI

Schedule KPI is a supplemental schedule provided by the partnership to its individual, estate or trust partners.

The partners will need this information to complete a Minnesota Form M1, *Individual Income Tax Return*, or Form M2, *Income Tax Return for Estates and Trusts*.

An individual partner who is a Minnesota resident will be taxed by Minnesota on all of his or her distributive income from the partnership even if the income is apportioned between Minnesota and other states. An individual nonresident partner will be taxed on the Minnesota distributive income from the partnership.

These instructions are intended to help you report your share of the partnership's income, credits and modifications on your Minnesota return.

You must include Schedule KPI when you file your Form M1 and Form M2. If you do not include the schedule with your return as required, the department will disallow any credits and assess the tax or reduce your refund.

If you received an amended Schedule KPI from the partnership and your income or deductions have changed, you must file an amended Minnesota return.

Individuals: Use Form M1X, *Amended Minnesota Income Tax Return*, for the year you are amending.

Estates and trusts: You must use the current version of Form M2X, *Amended Income Tax Return for Estates and Trusts*, regardless of the year you are amending.

Individuals: Use the information on lines 36 through 48 to complete Schedule M1NR.

Minnesota source gross income is used to determine if a nonresident is required to file a Minnesota individual income tax return. Gross income is income before business or rental deductions and does not include losses.

If your 2021 Minnesota source gross income is \$12,525 or more and you did not elect composite filing, you are required to file Form M1 and Schedule M1NR, Nonresident/Party-Year Residents.

If your 2021 Minnesota source gross income is less than \$12,525 and you had Minnesota tax withheld (see line 31 and line 52 of Schedule KPI), file Form M1 and Schedule M1NR to receive a refund.

Estates and Trusts: Use the information on lines 36 through 47 to complete line 7 of Form M2. See Form M2 instructions for details.

Line 50 – Minnesota Source Distributive Income

Although Minnesota source gross income (line 36 of Schedule KPI) determines whether you must file a Minnesota return, your Minnesota source distributive income is ultimately taxed.

Line 51 – Minnesota Composite Income Tax

Estates and Trusts: Include the amount from line 52 on Form M2, line 24.

Sale of a Partnership Interest

If you sell any portion of your interest in a partnership, some or all of the gain may be taxable. Or you can use any loss on the sale to offset other Minnesota income to the extent the losses are deducted on your federal return.

To determine the ratio of gain or loss that is assigned to Minnesota at the time of the sale, divide the original cost of the partnership's tangible property *in Minnesota* by the original cost of all tangible property of the partnership. (Tangible property includes real estate, inventory and equipment.) If you don't have these numbers, contact the partnership.

If more than 50 percent of the value of the partnership's assets are intangibles, the gain/loss is allocated to Minnesota using the partnership's prior year sales factor. Include the result on Schedule M1NR, line 4, column B.
